MONTCLAIR STATE UNIVERSITY

2023 LA CAMPANA
VOL. 103

1 Normal Ave
Montclair, NJ, 07043
www.montclair.edu

You **BELONG**

Here at Montclair State University, we want every student to feel like they belong. Whether it be joining a club or organization, or just commuting to campus everyday, we want our students to know that Montclair State University serves as a safe, inclusive, and belonging place. Expressing that sense of belonging helps the entire community as a whole, ensuring that every student knows the resources available to them.

MONTCLAIR STATE *UNIVERSITY*

You **BELONG** **MONTCLAIR STATE** *UNIVERSITY*

"Montclair has really been my second home these past four years. I love campus and the opportunities that it has to offer. I am very thankful and blessed to have had the support of faculty, staff and the friends I have made here on campus. I met my best friend on campus and I have also met very talented, smart, driven and amazing people here. Montclair also always made me feel heard and welcome. No matter what color, race or beliefs you have, Montclair always feels welcoming. Will forever be a red hawk!" - Maria Pineda '23

MONTCLAIR STATE

A MESSAGE FROM THE PRESIDENT *UNIVERSITY*

Dear Class of 2023:

Congratulations! All your dedication and hard work have led to the much-anticipated moment of your graduation from Montclair State University. I join your family, friends and professors in applauding all you have accomplished in reaching this major milestone.

During your time here, your professors have invited you to imagine the world in which you want to live, and they've helped you gain the skills that will equip you to create that world. Now is the time when you step forth to do the work to make the pictures you hold in your head become reality.

There are those who say that the problems humanity faces are unsolvable. That has been said at every difficult moment in history and has never been true. With creativity and determination, human beings have always managed to find solutions to our biggest problems. With the resilience and focus that this class of Red Hawks have demonstrated in reaching this point across a challenging time in history, I am confident that you will add chapters to the story of mankind's triumph over adversity. This class and your generation give me hope for the future – I know you will find ways to bring people together to solve our most pressing concerns with creativity and compassion.

Now as you take on the mission that defines this university – to make a lasting positive impact on the world – I wish for you inner strength, humility and peace. The reality is that the future is full of possibilities and you have the power to shape your own path. Carpe Diem!

With warmest best wishes,

Jonathan GS Koppell
President

*You*²³
BELONG

To the Montclair State University Graduating Class of 2023!

I want to take this moment and celebrate your incredible accomplishments and perseverance as you become alumni of Montclair State University! The years you were with us at Montclair have not been easy ones. You endured a global pandemic, numerous “pivots” at the university, remote learning and service offerings and other challenges that no one was prepared for.

BUT YOU DID IT!

As a member of this graduating class I hope each of you feel an incredible sense of accomplishment, because you succeed at a time that in our world that was unprecedented. You endured, you persisted and you conquered it! Remember as you move on to your next goal that you will always be a member of our Red Hawk Family! Please always consider Montclair State University as your “home”!

I wish you joy, love and continued success!

Love,

Dr. S

Dawn Meza Soufleris, PhD

Vice President

Student Development and Campus Life

You
BELONG

Dear Montclair State University Graduates!

Congratulations on the successful completion of your journey here at the University. I hope this success will continue through your graduation celebrations, job interviews, offers and the new journeys you have embarked upon. Along the way, I encourage you to take some time to reflect on your experiences here, especially remembering the first time you arrived on campus either by way of a campus tour, a visit, an orientation and/or move in day. Do you remember how you felt? Can you put it into words? What are these words/phrases? Over the years, students have shared with me and others that when they first arrived at Montclair State University, they felt a sense of belonging here. Expressions such as, comfortable, peaceful, a welcoming feeling, this is the place for me, were among the phrases.

I am reminded of my first visit to the College as a graduate student. Then it was a college when I arrived a long time ago. I can still relate to the feelings those students expressed today. Over the years, I have come to realize that these feelings represented to me that I felt I belonged here. There were things that drew me such as the beautiful campus, the faculty staff and students and a community that embraced me for who I was. My feelings of belonging were nurtured by my interactions and experiences. Belonging can be a bridge to a better life that yields exciting options such as being known for your talents and unique gifts. Belonging is a pillar that upholds a higher sense of purpose by the demonstration and appreciation of newfound abilities and achievements.

The university experience is different for everyone. For some, it can be daunting, for others, it can be an opportunity to rediscover, reinvent oneself, retool, or inspire. Belonging gives us the capacity of operating from a higher plane of thought and the means of finding balance throughout the journey. Our efforts through teaching, learning and engagement have tantalized your sense of belonging in our society and the world. You have learned to value yourself, to be of service and to believe in your ability to achieve your goals. Your belonging extends beyond the University. Graduates, move forward with confidence and take your place in the world! This world needs to receive your service and your gifts. The pursuits of your degrees and careers are critical to future generations.

Graduates, "Be present in all things and thankful for all things." (Maya Angelou)

Margaree Coleman-Carter

Associate Vice President and Dean of Students

Dear Class of 2023,

As I reflect on our time together, I am filled with an overwhelming sense of pride and gratitude, and I am so excited to see all of the amazing things you will accomplish in the future. I have the honor of addressing you, the remarkable individuals who have shaped the legacy of Montclair State University. It is my pleasure to share this message as your SGA President.

The Class of 2023, is a class like no other, being the last class to have seen a “normal” college experience before it was cut short by the pandemic. Throughout your time here, you've witnessed historic events, overcome unforeseen obstacles, and celebrated countless achievements. You ushered the underclassman back into normalcy rebuilding college life and Montclair State University back to what it once was. This was done by leading by example, by embracing challenges with unwavering determination, and embodying the spirit of resilience that defines our generation.

In the words of Maya Angelou, "I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel." Class of 2023, you will be remembered as a force for good, leaving a lasting impression on those whose lives in our campus community that you touched. As you now move onto a new chapter of your lives embrace the world with the same grit and determination but, always remember the positive impact that you can have on one another's lives. Congratulations, Class of 2023, on reaching this milestone.

With immense pride and admiration,

Richard Steiner-Otoo

SGA Executive President, Class of 2024

To My Fellow Graduates,

We finally did it. Graduation came faster than any of us expected... give and take a global pandemic...

At 17-18 years old, I don't think any of us knew what the next four years would look like. We definitely did not think only half way through our first year, we would be warped into a new reality. Yet, we adapted. We readjusted to going back home after just leaving a couple months prior. We learned how to do college through a screen, and we got good at it. Then almost just as fast, we came back, and it felt like we were those freshmen again. Our campus welcomed us back with open arms, only this time we did not have four years.

Soon, most of us will be starting entry level jobs that will mark the beginning of our careers, others will begin graduate school. We will once again be adapting to new realities. Even now, after everything we have been through, and all the changes we have endured, I am not worried. We are the class that invites change and works through any challenges life throws at us. I am confident that in our post grad lives, this fact will not change. As the first member to graduate in my family, graduating is not something I will ever take for granted, I hope you all won't either. Montclair State was the best decision high school me ever could have made. Sometimes, that is all it takes, that one decision to find where you truly belong. That one decision led me here, where I never had to question if I belonged and to all of you, the ones who made sure I did belong and for that I will always be grateful.

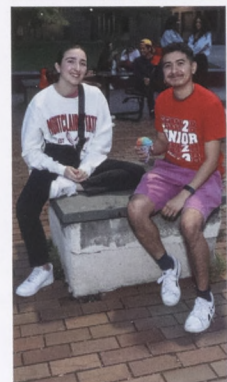

I have had the privilege to advocate for you all as the Student Representative for the Board of Trustees, something I will always honor. Thank you for trusting me. Thank you for letting me be a small part in your lives. Thank you for allowing me to be your voice in the room where it happens.

Con Amor,

Voting Student of the Board of Trustees
Maria Angelica Caverio Munoz

*You*²³
BELONG

You **BELONG** Graduates

"Montclair has a homey feel to it. As soon as you step onto campus, there are a plethora of opportunities to connect with the community, learn the campus traditions, and meet your friend group for life. Montclair isn't a place where you just go to class and go home. It is a place where you can create your own journey & build a lasting legacy in clubs and organizations.

It is a university that inspires creativity and pushes you to grow every single day. It is a place where you will live out your best years, meet some amazing people, and learn new things about yourself. The undergraduate experience goes by insanely fast, and living everyday with no regrets and pushing myself to get out of my comfort zone led to finding my sense of belonging at Montclair State."

Commencement

"Graduation feels like such a far away concept when starting your college journey, but you end up reaching it so much quicker than what you would have wanted. For many, it feels like you can't wait for graduation to get here, but once it is, we feel bittersweet about leaving because of the amazing opportunities and memories Montclair leaves us with. Commencement was a beautiful way to both reflect on the journey to the diploma, but also say goodbye to the place many call home."

- **Camryn Wade '23**

23

COMMENCEMENT

College of the Arts & School of Business

"Graduation was such a special day for me. It was sad to close the chapter in the past 4 years, but also riveting to look back on my time and realize all the good that came out of it."

- Sofia Russo '23

COMMENCEMENT

*College of the

School of
Nursing,
&
University College

"Graduation day was very exciting for me. I waited all my life for this day just to see my family proud of me and excited just as much as I was. They day came really fast then what I expected. I was so nervous and anxious but so proud of myself because I came a long way from my journey. I had so many jitters because I didn't know if I was gonna fall on stage or do something crazy. I never been to a graduation so big it was like I was at a concert. I definitely would go back to graduation day just to have the excitement all over again!"

- LaKendra Herring '23

"For me as a first-generation graduate it was such a surreal moment. The best part was my family finding me in the sea of graduates."

-Jessica Vasquez '23

You **BELONG**

Academics

"The faculty and staff at the Center for Academic Success and Tutoring (CAST) are endlessly supportive. Whether you are a tutor or a tutee, CAST will be able to provide one-on-one academic assistance and guide students to accomplish great things. They will always encourage, always be kind, and always give you a nudge in the right direction. Even if you just need another student to talk to, the tutors and academic coaches are there to lend a listening ear.

On a larger scale, if you need any kind of support at Montclair, there will be a person you can go to for advice. There's academic advisors, college deans, the Center for Writing Excellence, the Disability Resource Center, the Public Speaking Resource Center, and the Harry A. Sprague Library staff – and those are only the more strictly academic spots on campus! If you simply ask around, you will find somebody to help with any facet of your life as a student, which is tremendously comforting."

- Sophia Caparros '23

College of **THE ARTS**

Graduating Seniors!

Well, you've made it. All the hard work and all the long hours have paid off. Your college career has drawn to a close, and you're ready to join the ranks of an esteemed and exclusive group: Montclair State University Alumni!

Yes, on the road of life, you're about to move into the passing lane. But don't forget to glance into the rear-view mirror now and then and look back to where it all started. And when you do, you'll see all of us in the College of the Arts cheering on your every success. On behalf of the faculty and staff of the College of the Arts, I congratulate you and wish you the best in all your future endeavors!

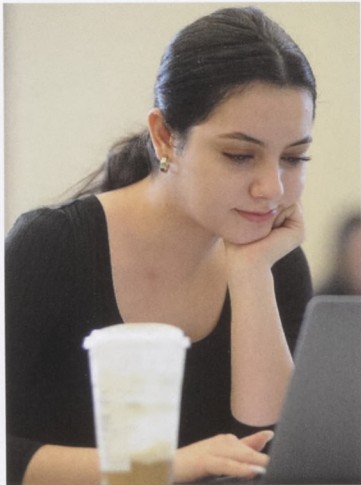

Regards,

Daniel Gurskis

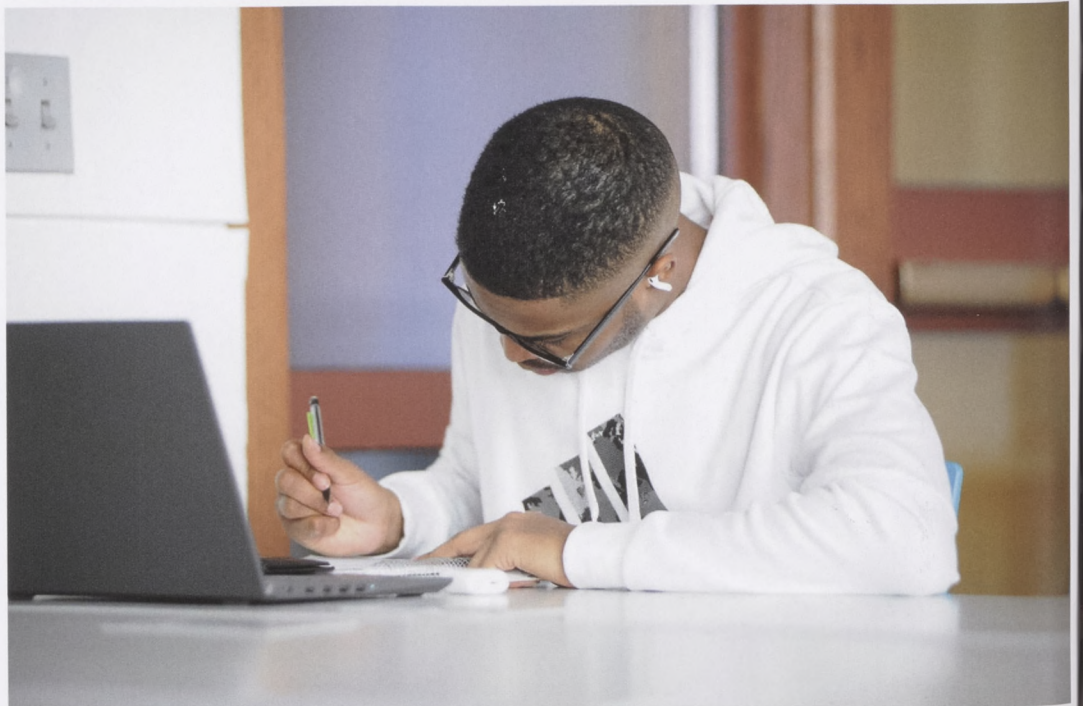

Dean

College of **EDUCATION & HUMAN SERVICES**

Congratulations to the 2023 graduates of the College of Education and Human Services at Montclair State University! We are proud of your success and confident that you will take the excellent education you have received into your communities and beyond to make the world a better place.

The focus of all the programs in the College of Education and Human Services, one way or another, is to change people's lives by working to create a healthier, better educated, more just society. Our programs and initiatives are grounded in fundamental commitments regarding the responsibilities and privileges of educators and human services professionals. Our graduates are committed to building a more just and equitable future for the children and families of our region. We encourage all of our students to continuously strive for excellence in their work and to keep their focus on the people they are seeking to educate, counsel, and support. As our graduates leave Montclair State, we know that they will improve the lives of countless individuals in mind, body and spirit. Once again, congratulations to our newest CEHS alumni!

Katrina Bulkley,

Acting Dean along with all the Faculty and Staff of the College of Education and Human Services

College of

HUMANITIES AND SOCIAL SCIENCES

Congratulations Montclair State CHSS Class of 2023!

We are so very proud of you. To get to this day, you needed persistence, hard work, talent and creativity, and resilience. These are vital qualities and the same way they brought you to this day, they will help carry you throughout your life.

As you head into the world of work and forge your careers over the years to come, take pride that you are graduates in the humanities and social sciences and the strengths it has given you in understanding and working with diverse people in diverse settings and the preparation it has given you as democratic citizens helping to build a better tomorrow. We look to you to draw on your creativity, your talent, your resilience and your training in the questions of what it means to be human and to go out and help build a more socially just and truly inclusive New Jersey, America and the world.

On behalf of the College and the Dean's Office, I wanted to wish you congratulations on reaching this day. As you go forward, please do stay in touch with us – we want to hear about the adventures you're about to set out on.

Best wishes,
Peter Kingstone

Dean
College of Humanities and Social Sciences

College of **SCIENCE AND MATHEMATICS**

In the College of Science and Mathematics, we urge our students to focus on discovery, innovation, and creativity as they learn about the world around them. Most importantly, they are resilient and able to overcome the challenges the world presents. They understand that education does not only happen in the four walls of a classroom. It is a culmination of personal experiences in striving to be problem solvers and global citizens. Our graduates are ready to take new, exciting paths with the tools to succeed in an unpredictable world. We are confident that they will become tomorrow's innovation leaders and agents of change.

Congratulations to our newest College of Science and Mathematics alumni!

Lora Billings

Dean College of Science and Mathematics

School of **NURSING**

Dear Class of 2023,

Congratulations! The School of Nursing faculty, staff, and administration are incredibly proud of your accomplishments.

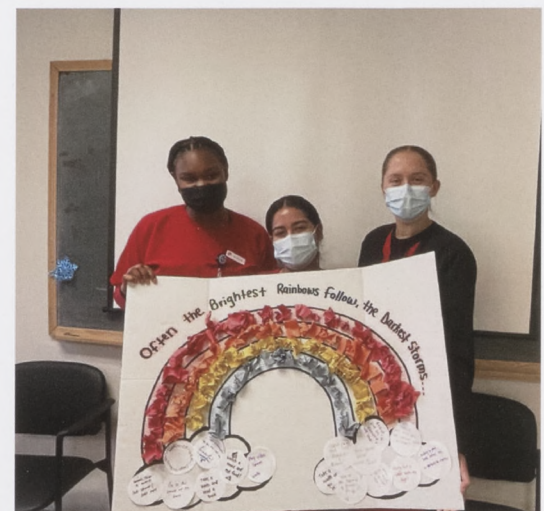

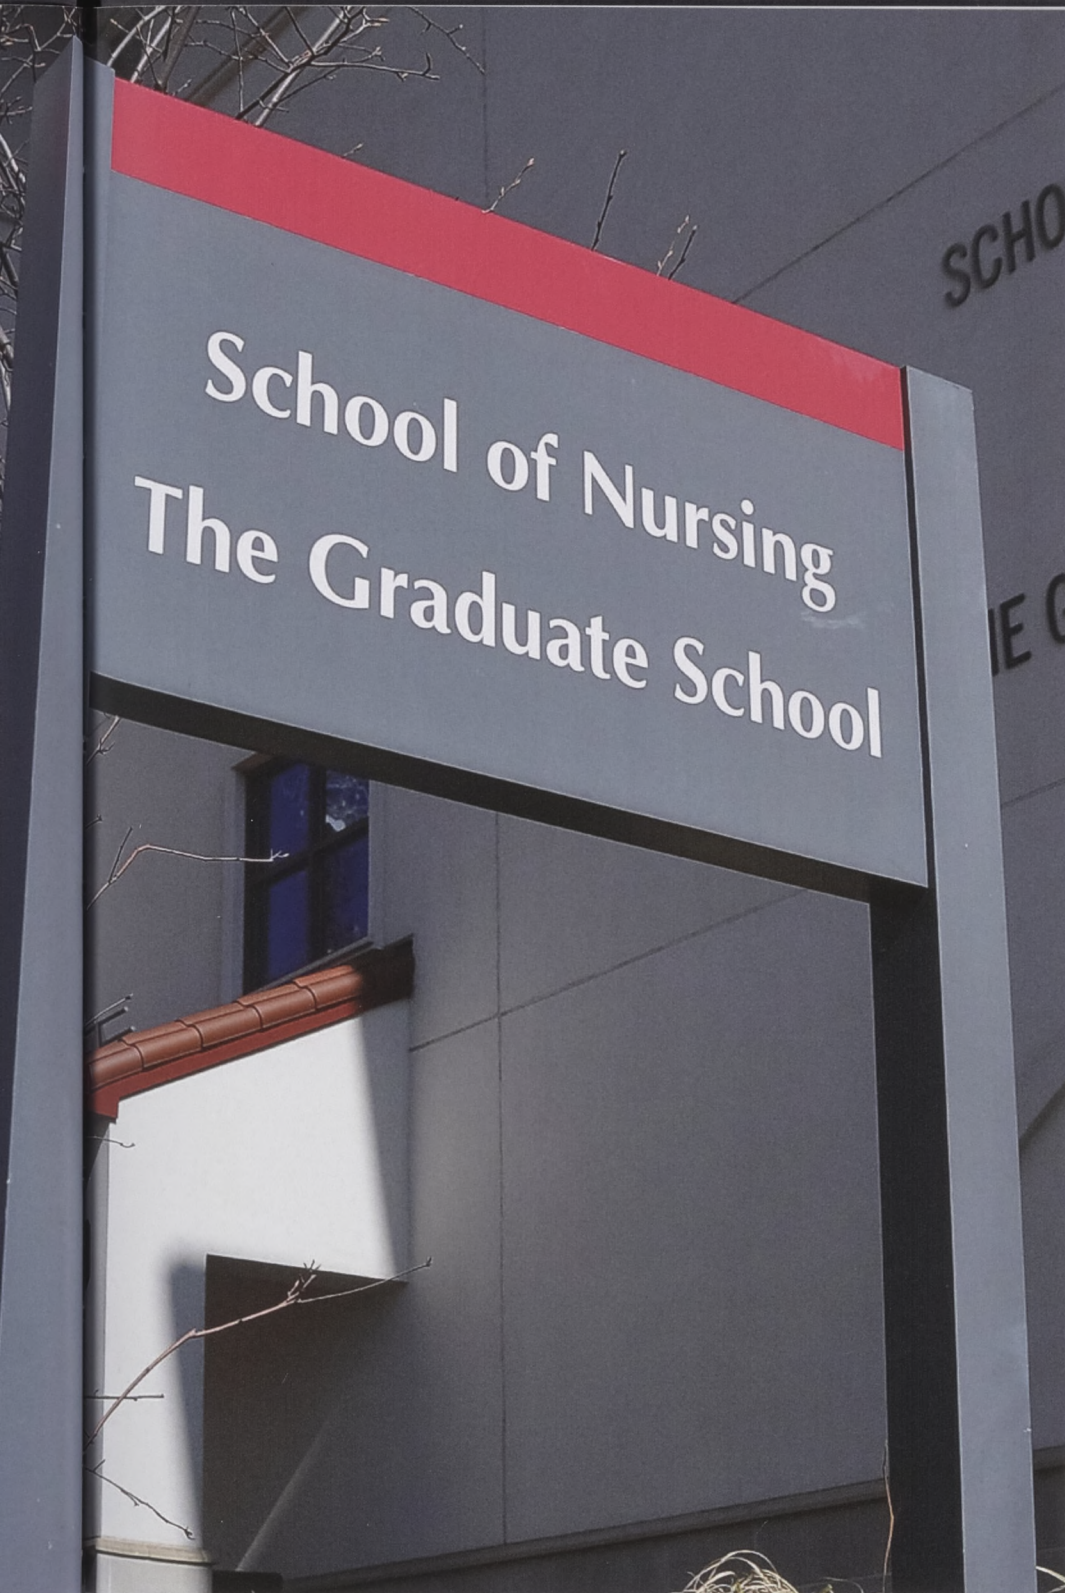

Knowing how hard you worked during the last four years, it seems strange to say, "This is the beginning." However, it is true. During the next few months you will transition to the role of the professional registered nurse. Having worked with you, we know you will be caring, life-long learners who employ best evidence for clinical practice and critical thinking as you touch the lives of individuals, families, and communities.

Stay in touch and let us know about all your successes.

Janice Smolowitz,

Dean, School of Nursing

Mimi and Edwin Feliciano
School of Business

FELICIANO SCHOOL OF BUSINESS

Feliciano School of **BUSINESS**

On behalf of the Feliciano School of Business faculty and staff, I extend sincere congratulations and best of luck to the school's Class of 2023. You have been exceptional representatives of the School and University. We are honored to have been a part of your journey. I have no doubt that you will continue to serve as worthy ambassadors for the Feliciano School of Business by building upon our reputation for excellence.

Throughout your degree with us, you have demonstrated that you are driven, engaged, analytical, and agile; I am confident these attributes will continue to serve you well throughout your professional careers.

While much has changed in our world over the past few years, I take great comfort knowing that you – our next generation of business leaders – are well prepared to help us overcome the challenges of both today and tomorrow, and to find solutions that will transform our world for the better. As you enter the next phase of your life, I ask that you stay connected. I encourage you to find ways to support future generations of students; just as you benefited from the insights, advice, and philanthropic support of alumni, you can help us continue to transform the lives of future students. Please keep us updated on the many achievements you will experience in your careers and personal lives. We will always take great pride in your achievements. On behalf of the whole Feliciano School of Business community, congratulations and we know you are going to thrive.

Kimberly Hollister

Dean, Feliciano School of Business

Student Life

"Most people spend their entire life trying to find something worthwhile, something to always look back on and smile every time they think about it. Arriving on any college campus can scare most high school seniors, but creating a life on campus can seem unimaginable to all. However, when you finally get there and attend events, hang out with friends in the Quad, find a club you like, join an organization, working out at the Rec. Center and finally live that student life.....nothing will ever come close again. Montclair State made students feel like they belong by creating a safe and inclusive space for everyone and gave the opportunity to those who wanted to have an impact on the community. There is truly something for everyone here, all anyone has to do is go and look for it. With the countless events hosted by the University, SLAM, SGA, student organizations like The Brotherhood La Hermandad and MUFASA, campus is the place to be. No one forgets Legendary events like the Spring Bash or Winter Ball but memories are made every time you meet someone new at the Student Center or are in line to get some Panda Express. Finding the joy in the little conversations everyday IS the Student Life and feeling happy on campus is all that truly matters. The student life at Montclair State University did that for thousands of students and truly made it, an unforgettable experience."

- **Hunter Ayala '23**

Admissions Ambassadors

Being a part of the Admissions Ambassador program is a great way to be involved on campus and find where you truly belong. Ambassadors are welcoming to all and make Montclair State University feel like home no matter who you are or where you come from. By interacting with prospective students, knowing about all the departments and programs on campus, and strengthening public speaking skills, the Admissions Ambassador program allows you to become a well rounded student leader. Being an Ambassador means being set up for success in multiple ways as both a student and future graduate ready to take on the real world.

- Morgan Davis '24

***T**he Bonner Leader Program is a civic engagement and community service organization here at Montclair State University! We are a part of a nationwide network under the Corella and Bertram F. Bonner Foundation. At Bonner, students immerse themselves within the community through service all-year round. Bonners spend their time understanding and incorporating the principle of Bonner Love so we can spread it as we touch the lives of hundreds through service. We build connections within the surrounding communities of Montclair, reminding them that they have a family here to lean on and serve them always. This symbolizes the idea that they belong to our Montclair State family! - Mariana Luna-Martinez '24*

Bonner Leaders

Campus Recreation

*T*he Department of Campus Recreation is committed to providing top flight recreational sports programming and facilities to the students of Montclair State University. The Student Recreation Center is a hub of activity where students can experience belonging, friendship, and fun. Whether it is through Intramural or Club sports, Outdoor Adventure, Aquatics Planned Events, Group X classes, Special Events, Rec Nights, or Hawk on Wheels, Montclair State students can enjoy friendly competition, new adventures, and develop lifelong healthy habits in an environment that creates a sense of belonging for all. All Red Hawks belong when they visit the Student Recreation Center! - **Krishna Rana '24**

The Commuter Assistance Mentorship Program (CAMP) is designed for first-year commuter students. These new students are matched with a mentor who is a commuter themselves and can help ease their transition to college. We try to recognize our commuters and make them feel welcome in order to break the stigma that is associated with being a commuter. We, as mentors, are also student leaders. It is a great way to get involved on campus, try new things, and connect with new people. - **Maddison Chin, Mikaela Benkert, Elizabeth Chow '24**

Commuter Life

(CSI) CENTER FOR STUDENT INVOLVEMENT

*A*s an Event Assistant for the Center for Student Involvement, I can confidently say that my college experience has improved since joining the team. The office has an open and welcoming environment so all students feel welcome. CSI brings together the whole student population to form unforgettable and amazing relationships. - **Julissa Cuautle '24**

Since being established in 1998, MSU EMS has proudly served their Red Hawk community for 25 years. MSU EMS is a student-run volunteer agency composed of certified Emergency Medical Technicians under the guidance of EMT Director Michelle Kight. We are a great volunteer organization for any students interested in medical careers, we accept and encourage undergraduate and graduate students from all backgrounds to apply! - **Whitney Hernandez '23**

(EMS) EMERGENCY MEDICAL SERVICES

EDUCATIONAL OPPORTUNITY FUND

*W*e say that EOF is a family and we mean it. EOF helps guide students through the Collegiate process, easing the culture shock. Though some of us stand out socio-economically, racially, or academically, EOF knits us into the fabric of Montclair State seamlessly. With our family of advisors, student leaders, administrators etc., we will always be successful! - **Khara Lillian Brown '26**

The Office of Health Promotion encourages students to make informed decisions about their health. We strive to put together fun and educational programs using the most up-to-date research. Our team, composed of graduate coordinators, interns, staff members, and our wonderful Peer Health Advocates, loves to connect with students both at our Drop In Center as well as out and about around campus. The most rewarding part of working with the Office of Health Promotion is getting to create a welcoming, safe space where students can connect on a peer-to-peer level. In creating a healthier community, all students can feel that they truly belong. - **Emily Perri '24**

HEALTH PROMOTION

OFFICE for SOCIAL JUSTICE & DIVERSITY

The two of us are interns for the Office for Social Justice and Diversity and there couldn't be a more open and welcoming environment for the MSU community. There are 4 in-house centers that consistently promote an open door policy where students can come in and find other Red Hawks who are just like them. Whether it be through the Women's Center, the Multicultural Center, the LGBTQ Center, or the Center for Faith and Spirituality, students can always find a place where they belong. They have amazing workshops and events that educate students on diversity, equity and inclusion, and we couldn't be more proud to be a part of such an important space here on campus. - **Becca Dickerson and Bryanna Green '23**

Residence Life is the pinnacle of the idea of "belonging" on campus as it builds a community that I have never seen before. Being a resident all four years at Montclair have led me to some of my best friends, great mentors, and such a wide range of experiences. Working in the Central Office has provided me with a better understanding of higher education as well as a different level of appreciation. Being a resident has made me feel like Montclair State University is my home and where I belong which is what the Office of Residence Life tries to do for all Red Hawks who live on campus! - **Dena Montez '23**

OFFICE of RESIDENCE LIFE

STUDENT COMMUNICATIONS

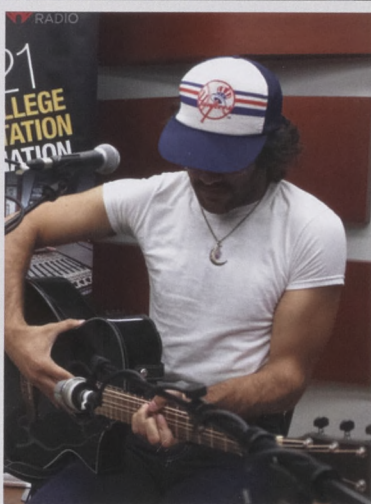

*T*he Department of Student Communications is composed of 4 different teams: Team Rocky, Hawk Squad, Red Hawk Life, and Red Hawks of Montclair State. Members of the student communications department gain a large support system from both their staff and peers. This group of wonderful individuals will stop at nothing to ensure the comfort of their teammates, allowing everyone to embrace their truest selves. Of course, the department is continually evolving to become the best version for campus life, which now includes our adorable Pup-scot, Pebbles! - **Jess Gallo '23**

THE MONTCLARION

Since its founding in 1928, The Montclarion has been a news source dedicated to reporting and publishing stories integral to the interests of the Montclair State University campus community and the surrounding area. As an independent student media source, it continues to cover issues relating to campus life and higher education both online and in print. The Montclarion is dedicated to serving the diverse student body of Montclair State University. - **Ashleigh Corby '24**

*W*MSC is Montclair State University's non-commercial, student-run, college campus radio station, or better simply put, "The Voice of Montclair State". We broadcast alternative/indie rock and pop music, report on local and global news, and cover MSU sports as well. With a dozen unique departments at the station, thousands of students have found a place here to belong and make their own mark on a 57-year-old legacy. Beyond being a radio station, WMSC is an all-inclusive hub for creativity and production of any kind of student work and art. Most importantly, WMSC is a place where passionate and dedicated students — through the forging of lifelong memories and friendships — have made it a home.

- Jared Tauber '25

Clubs & Organizations

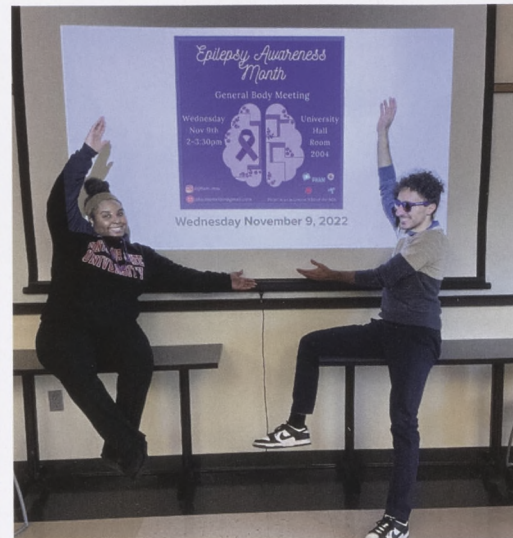

"Student Life at Montclair State University is one of the most integral parts of the puzzle that helps all students feel heard, seen, and represented no matter if a student commutes, dorms, or is an international student. Through student life clubs and organizations, many students are able to find their voice, find their future friends, find networking opportunities, and quite simply feel more connected to the campus community. With Montclair being a Hispanic Serving Institution, there is a home for many Latino students and other students who would just like to know more about the Latino culture and customs. As a first generation Latina student, it is heartwarming to see the growing representation of Latino organizations on campus and know that there are events that show the campus community the unique food, music, and diversity of the Latino culture. Being able to show my Latinidad is something that is very important to my sense of belonging on campus. My culture and roots do not leave the room no matter if I'm in class or at work and that is what makes this campus different from everywhere else."

"The place where I feel like I belong most is on the women's soccer team at Montclair. When I came in as a scared little freshman, I was scared I was not going to be accepted for who I was and was not going to fit into their style of play. However, I immediately connected with the girls right away. They were all so welcoming and the nicest teammates I've ever had. Taking those experiences, I will always make the freshmen and the newcomers to our team, whether it's on or off the field, always feel welcome to the extent I can.

At Montclair State University, the professors were immediately super understanding about missing classes for mental health days or travel days for soccer. I try to form a good foundation with my professors immediately so I can set myself up for success both on the field and in the classroom as well."

- Emmi DeNovellis '23

WOMEN'S SOCCER

With our talent, our ability to overcome personal and collective challenges and our love for each other, we were able to have one of the most successful seasons in program history. When faced with obstacles we were resilient. At each practice and game, we were grateful. As teammates we were dependable. The 2022 season was unforgettable and this group has paved the way for continued success for the MSU women's soccer program.

B

WOMEN'S BASKETBALL

"This past season we faced a lot of challenges as a team when we lost a couple of players due to injuries. Through the adversity, we leaned on each other to become a stronger unit. We set smaller goals for ourselves to achieve along the way to help build towards our larger goal as a team for the upcoming seasons. With a large amount of players returning, we're excited to get back to work in the off season to keep taking strides forward in our goals as a team."

WOMEN'S ACROSSE

"I have grown so much from the program, not just physically as a player but mentally as well. Coming in as a freshman in 2021 with ACL surgery was not something I had ever imagined. But, with the help of the people around me and especially my teammates I have bounced back to 110% and look forward to competing even harder in the next season."

Ashley

Petrosine '25

MEN'S ACROSSE

"My favorite moment from this season was getting to go to Maryland to play in the conference tournament. I would say our biggest victory was the first game of the year against Vassar. It was such a competitive game, and came right down to the wire. Our toughest game this past season was against Salisbury in the conference semifinals. The biggest accomplishment this past season was to play in our new conference, with much better competition, and to compete in the semifinal game of the conference in year one."

You **BELONG** Events

"The events on campus are some of the most enjoyable experiences. Between meeting new friends, sharing lots of laughter and being around people in the same boat as you can bring a smile to your face even when you feel low. Attending campus events fulfill so many different aspects of what a college experience is and without them there wouldn't be as many fond memories to look back on."

- Maria Caverio Munoz '23

"I loved the rides that were there that day! Also,
the temporary tattoos looked so cute
on everyone."
- Ana Rita Mateo '26

Red Hawk DAY

Red Hawk Day is a yearly tradition on our campus. Every year on the day before the school year starts, the whole campus community comes together to show their Red Hawk Pride and enjoy a day of fun! This year we had a student involvement fair, as well as a huge carnival, on September 1, 2022!

MSU

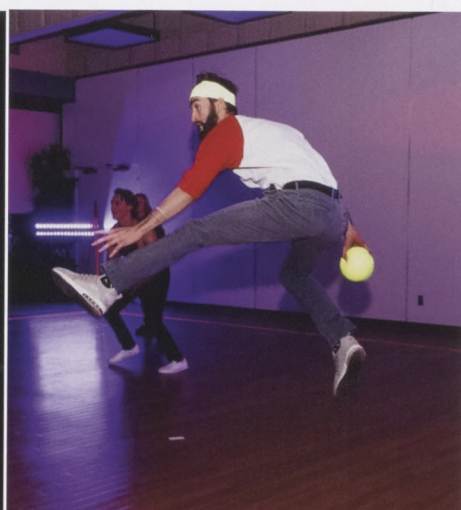

"My favorite part of Red Hawk Night was making s'mores and getting to stuff a rocky for free."

- Jaden Rannie-White '24

Red Hawk NIGHT

Red Hawk Night is one of our most recent annual traditions at Montclair. The Center For Student Involvement booked the entire Student Center on September 30th and hosted different events all throughout the night. This year students had fun checking out all of the different activities, which led them to stuffing their very own Rocky the Red Hawk plush!

"The 9/11 Day of Service is a great way to give back to the community and bond with my fellow members of Greek Life. It was a wonderful day!"

- Kobe Del Rosario '24

9/11 Day of SERVICE

Every year, Montclair State University observes the 9/11 National Day of Service. Members of our community are encouraged to come out and volunteer at different shelters, homes, and organizations all around our community.

MSU

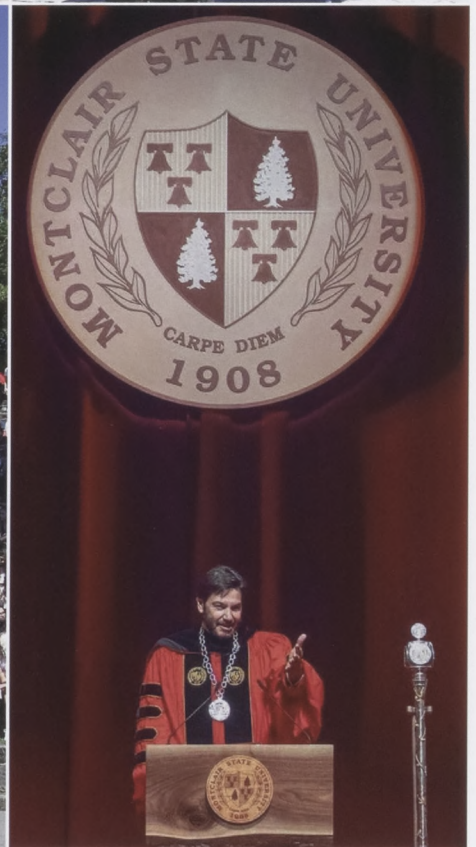

"It was an honor being chosen to work
and meet the President at the Investiture."

- Danielle Morgan '24

PRESIDENT KOPPELL'S *Investiture*

On September 15, 2022, Montclair State University inaugurated its 9th President, Dr. Jonathan Koppell. The entire Montclair State community came out and celebrated this incredible and significant event in our University's history.

"Rocky's Birthday will forever be an event that will always bring MSU school spirit. It brings so much joy and happiness to many students here and being able to meet other mascots from different schools is actually so awesome getting to interact and dance with them."

- Sarah Agosta '23

Rocky's BIRTHDAY

October 5th is a special day at Montclair State University. It is our mascot, Rocky the Red Hawk's birthday! Team Rocky does a fantastic job in planning the big celebration. This year Rocky had no idea he was having a party. We had Rocky's best friends come out to surprise him. Roxy, Ricky, Spider Man, Rammy, and Captain Marvel were just some of our special guests.

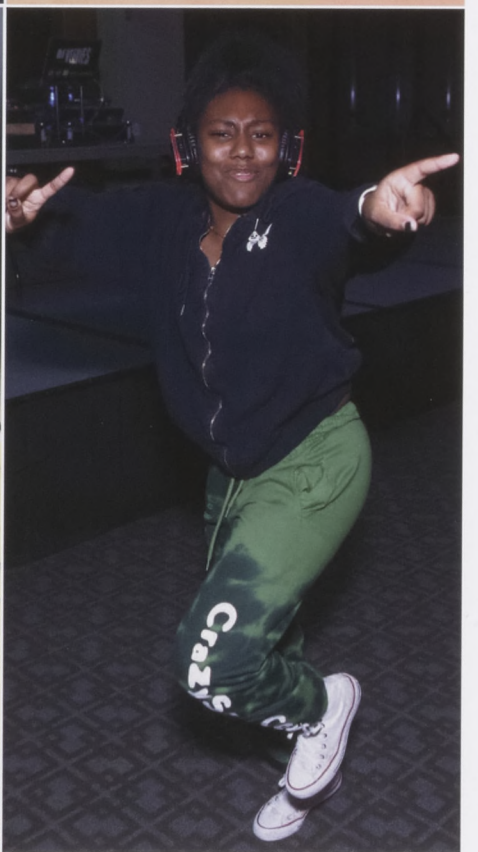

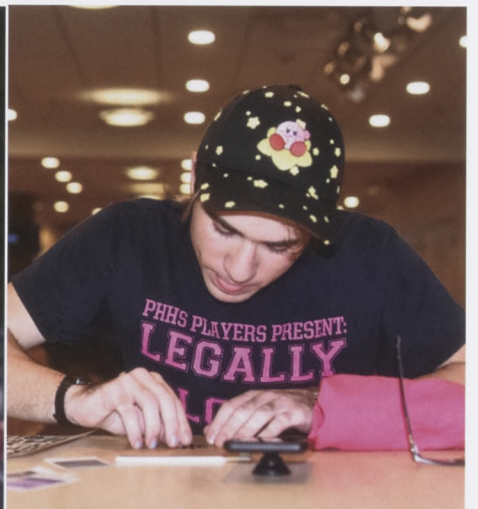

"The Homecoming Concert was my favorite Homecoming event of the week! It was so much fun to see everyone de-stress from classes and sing along to our favorite songs!"
- Jade Hunter '23

Homecoming WEEK

Student Life At Montclair (SLAM) is in charge of putting on events for the Montclair community during Homecoming week. This year's theme is "Rocky's Nightmare On Broadway," meaning all of the events are Broadway themed. From the "Grease" inspired roller rink, to the "Mean Girls" You Can't Sip With Us event, to the Homecoming Concert featuring Moneybagg Yo! SLAM went all out to ensure a memorable Homecoming week that lasted from October 24-28, 2022!

"As a member of Greek Life I loved getting to volunteer to help set up for the day and see it run smoothly. I also had a fun time cheering on my fellow Greeks who participated in the show case!"

- Morgan Davis '24

Homecoming DAY

On October 29 2022, the Montclair State University campus community celebrated our annual homecoming! It was a beautiful day filled with celebration, dancing, food, football, and smiles. We started the day off with the Homecoming Talent Showcase, followed by a festival and an Alumni BBQ, and ended the day with some nice Saturday afternoon football.

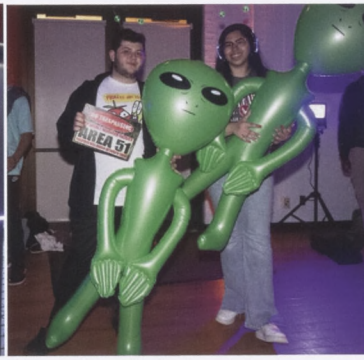

"I loved going to the Winter Gala with all of my girls!
The place was so pretty and I loved all of the
pictures I got out of it!"
- Gabriella Gangemi '24

Winter **GALA**

Student Life At Montclair (SLAM) is in charge of putting on large-scale off-campus events for Montclair students to enjoy. On November 30, 2022 they brought students to a secret off-campus location, which turned out to be a beautiful venue that was transformed into Montclair State University's Winter Wonderland. Students had a great night with their friends and danced the night away!

"My favorite part of spring week was the mechanical bull at the Rockin Rodeo event because it was a new experience for me and it was a lot of fun!"

- Matt McDonald '26

Spring WEEK

April 24th - April 29th was SLAM's annual Spring Week! The theme was "SLAM'S West Coast Road Trip" so our campus transformed into the West Coast! Events like "Rockin' Rodeo (Tucson, Arizona)," "Area 51 Silent Disco (Area 51, Nevada)," and "A Day In Paradise (Honolulu, Hawaii)" were hosted. Students had a blast attending these fun events!

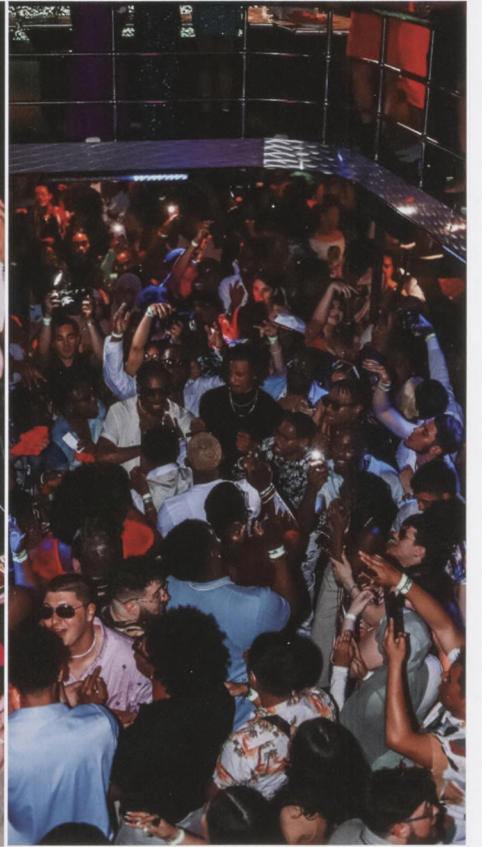

"Spring Bash was such a fun way to finish off a crazy semester! I loved being able to share a night with my friends who are usually so busy with student orgs and other obligations! It's definitely going to be a night I'll remember from my college experience. Anddd.... I can now say that I've partied on a yacht #bucketlist"

- Vanessa Fingerlin '24

Spring BASH

On April 19, 2023 Student Life At Montclair (SLAM) brought students on a Yacht on the Hudson River for their annual Spring Bash! Students had a great night with their friends and danced the night away on the boat. It was a different experience for Montclair students and everyone had a great time!

MSU

"I loved seeing all the different cultures that embodies the Montclair State University student population."

- Aniya Butler '24

WORLD'S FAIR *Day*

On April 27, 2023 the Montclair State University campus community celebrated our annual World's Fair Day! It was a beautiful day filled with culture, celebration, dancing, food, and more! World's Fair Day is about celebrating the diversity on our campus and it definitely showed, as the entire Alumni Green was filled with people showing off their cultures and identities.

"The Inaugural Ball was such an amazing time to celebrate everything by that everyone has achieved as part of the SGA. It was so lovely to see people who deserve recognition for all the amazing things they did get that on the big stage."

- Maggie Aube '23

Inaugural **BALL**

On April 30, 2023 the Student Government Association Inc. hosted their annual Inaugural Ball. This is meant to celebrate all of the accomplishments, both individual and as a whole, that the SGA accomplished during the school year, as well as honor the new E-Board! It was a wonderful day to celebrate and honor our students and advisors who take such a huge role in helping the SGA serve students.

"Senior Sendoff really made graduation feel surreal, and allowed me to look back at how far we've come as the class of 2023! My favorite part of the event was the champagne toast and the fireworks show to wrap up my final year as a Red Hawk"

- Jacquelyn LaMantia '23

Senior SEND OFF

Senior Send Off was hosted by the SGA, and the event took place on May 16, 2023. Seniors of the Class of 2023 came out to celebrate their time and accomplishments at Montclair State University. Students enjoyed food, music, games, and even fireworks at the end of the night!

"It was a great week with many fun events. My favorite part was that I could spend quality time with my college friends. It was the perfect way to end my senior year and my time at Montclair State University as an undergraduate."

- Kelsey Nyman '23

Senior WEEK

Senior week took place from May 11 - May 21, 2023 for the Montclair State University graduating Class of 2023! Throughout the week seniors attended different events hosted by the SGA, like Graduation Cap Decorating, Hawaiian Luau, a Bonfire, and more! It was a great way for friends to get together and celebrate one last time before Graduation!

Dear Class of 2023,

Congratulations on earning your degree at Montclair State University! You all should be proud of yourselves for the hard-work and dedication that you put in your school-work, clubs, athletics, organizations, etc. Never forget your time here at Montclair. You are all ready to go out and conquer the real world, now go on and show them what you are made of! Never forget that you will always belong at Montclair State University. This school will always make you feel like you have a home away from home. It was an honor putting this book together to showcase the memories that you all have made within the past year. Whether you were in a club/organization, a sports team, worked for a department, or even just attended an event. You were all equally a part of the University as a whole and I hope that this book is a reminder of that and more. I hope your time here was nothing but extraordinary, and that you can take away the memories that Montclair gave you with these 200 pages of your senior year. Well wishes to you all and best of luck on your future endeavors!

Best,

Sophia Parra '24
